

# PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., TUESDAY, JANUARY 21, 1890.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent to the advertising "notices" free any more than a merchant or store can do. A newspaper is a general medium for advertising, and it is its stock in trade, and advertisements should be paid for, no matter what part of the paper they appear.

## The Continued Calls

upon the law and burdensome that we have to pay, we publish the following notices:

## For Notices of Suppers,

excursions, etc., or other public entertainments where a fee is charged, and for other notices, see page 2, opposite. THE LEDGER will charge FIVE CENTS A LINE, and thereafter take up the insertion at the rate of one-half the insertion rate. "Paid, however,

## Do Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Advocacy of Disputes.

Misunderstandings are unpleasant. The following notice from Lenoir's *LEDGER* is 10 cents a line for the first insertion and 5 cents for each subsequent insertion: "A customer orders a five-line initial inserted in the paper. The bill is \$1.00. The customer says to the bookkeeper, But it is for two months—25 times—the bill is \$25." When a controversy followed, probably by an icy feeling, Now, to obtain a refund, he sends another notice: "Please accept my bill at the outset and the termination will be pleasant all around."

All matter for publication must be received at least 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note.

## WE'RE FOR AMERICANS!

It is believed that the State Department has received from Great Britain some assurances of a satisfactory and peaceful nature on the Venezuelan question.

The Warren Tribune, edited by our esteemed friend William C. DEMING formerly of Mt. Olivet, is in the forefront of the Ohio papers in support of McKinley for the Presidency.

It is evident that public sentiment in England is gradually grasping the fact that the American view of the Venezuela matter is the one that will have to be given the right of way.

Nineteen counties in South Carolina are using their convicts to improve the roads. It is not often that so valuable a hint for the rest of the country comes from the Palmetto region.

The time has at last arrived when the political stars can no longer make the people believe that Kentucky has prospered under Democratic ring rule at Frankfort.

It is said that Senator CALVIN S. BRICE of New York wants to dam Lake Erie. In view of the election of Hon. J. E. FORAKER to take the former's place in the Senate, Mr. BRICE is exceedingly temperate in his wants.

SPEAKER REED is said to have informed the Chairman of the Committee on Territories that he does not wish a favorable report at this session on the bill to admit Arizona, New Mexico and Oklahoma into the Union. He does not want the Republican party held responsible for any increase of silver men in Congress.

J. S. MATTHEWS contemplates publishing a complete history of Lewis county. *He has been gathering data since 1897.* His first proposal to make an interesting volume of over 500 pages.—*Vanceburg Sun.*

JOHN, we know you a long time, yet had no idea you were so old as that; But, then, one never knows how to "bigger" on the antiquity of these history "fellers."

OUR esteemed friend, Dr. J. P. HUFF of the State of Lewis, hasn't had the crown of his hat smashed in yet by the falling fruit, although he has been standing under the plumb tree constantly and patiently for several weeks. However, the Doctor takes matters philosophically and says there are just 775 other fellows in his jobat.

THOSE legislators down at Frankfort are squandering too much valuable time talking about unscrewing. It will not do, gentlemen. We sent you down there for another purpose. Quite your noses and take up Governor BRADLEY's message.—*Richmond Paragraph.*

Patient, neighbor; let the boys have a chance to "air their sentiments." We've made up our mind not to call a halt until some seahad presents a bill for the removal of the Capital.

HERE's the way the Democratic Louisville Times now head-lines the situation.

## BANKRUPT!

UNABLE TO PAY ONE CENT ON THE DOLLAR.

NOT A FEW HUNDRED THOUSAND BEHIND,

BUT MILLIONS IN THE HOLE.

THAT'S THE CONDITION OF KENTUCKY TODAY.

TAXES were 365 business failures throughout the United States during the past seven days, as against 373 the corresponding period last year. The farther along it gets the worse the present administration of affairs grows. May the good Lord help the country till it gets rid of CLEVELAND's rule!

## THE VIGILANTES.

THEIR IMPORTANT WORK IN MINING CAMPS AND NEW COMMUNITIES.

## The "Police of Circumstances."

Every person is familiar with the work of the "Vigilantes" in the early days of mining camps and new communities. They made both life and property unsafe. Some of the most notorious criminals of those times dared to own but the Vigilantes, and some were given short notice to leave the camp and shorter shrift if they did not do so.

Our Kidneys are the Vigilantes of our bodies. It is their duty to immediately seize and cast out impurities from our blood.

Not only the impurities of the body itself; the result of imperfect digestion of foods, the uric acid of Rheumatism and the waste products of broken down and constantly wearing out bone, muscle, gland and brain; but poisons that come from the outside; disease germs, as from Scarlet Fever, Typhoid, Diphtheria, Malaria and the like.

**Every Person With Healthy and Active Kidneys can Catch a Germ Disease.**

The Kidneys, recognizing their dangerous character, seize and cast these germs out in the urine.

Dr. Hobb's Spargus Kidney Pills are wonderfully healing, soothing and tonic to the kidneys. They contain the active virtues of the root and berries of the Asparagus plant, and they give life, health, strength and activity to the kidneys, and aid them to perform their most necessary work constantly and actively.

And they are a positive specific for Impotency in men and Sterility in women.

Fifty cents per box, from all druggists, or inclose 50 cents in stamps on silver direct to the

active book on Kidney Health and Blood Filtering Free.

It is given on authority of the Secretary of the Indiana Liquor League that the National League will oppose Governor MATTHEWS' Presidential boom. That's un-democratic in a eminent degree."

In the closing month of 1813 a British force of about 1200 men, with 200 Indians in addition, marched upon the town of Buffalo, N. Y., and captured it after it of its American defenders were killed. The settlement was then burned, with the exception of one residence and a blacksmith shop. Buffalo is now a city of over 300,000 inhabitants, while the towns on the Canadian side of the river have grown but little. The village that was wiped out eigh y two years ago could furnish a large army if an emergency required it.

Chenoweth's Cough Syrup will relieve your cough. Only 25 cents a bottle. Try it.

We show a splendid variety of Sterling Silver Watches for boys. Cases are of same design as gold ones. All warranted.

J. BALLENGER.

Worried over being sued on a note for \$200, George B. Dean, a Mercer county farmer, committed suicide by hanging himself with a bridle rein.

Not a few know what Mr. Robert Rows of Holland, Ia., has to say below will remember their own experience under like circumstances: "Last winter I had a gripe which left me in a low state of health. I tried numerous remedies, none of which did any good, until I was induced to try a bottle of Chamberlain's Cough Remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by J. Jas. Wood, Druggist.

"Let parents not live for their children, but live for themselves." This is the only safe method to stand in the way of her desire, knowledge of herself, or her possibilities, of her perils. For over thirty years Dr. Pierce has used his skill, knowledge, and experience, a purifier, a regulator. It works directly upon the delicate, distinctly feminine organs, a nervous, soothed way. It searches out the weak spots and builds them up. A woman who uses it will feel herself much better and sent to the World's Dispensary, Buffalo, N. Y., for Dr. Pierce's Medical Adviser, a book of 300 pages.

Many merchants are well aware that there is no better or best friend than the best goods in supply, and with the best goods obtainable. As an instance we mention Perry & Conaway, prominent druggists of Flushing, Michigan. They say: "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have ever had, and always gives satisfaction." For sale at 25 and 50 cents per bottle by J. Jas. Wood, Druggist.

WE BELIEVE IN THE LEADERSHIP OF THE FRONTIERMAN AND THE WESTERN EXPERIENCES.

The western frontiersman often seems to hold in slight esteem the soldiers who are sent for the protection of the border. Having learned Indian methods by many hard knocks, he doubts the value of exercise proper, sharing to some extent the idea that man's strength has been less extended. His ordinary state of mind may be illustrated by some extracts from "A Historical Rocky Mountain Outpost":

"...the Indians speak of us as newly arrived soldiers, said: 'They be the greatest set, and the sight of an Injun jest about scares 'em to death. I never saw any 'em I was afraid of, if I had any sort of gun.'"

"...We back in '90 I undertook to take a young man back to the states, and we started in a buggy; a buggy, do you mind? When he got down the Arkansas a piece we heard the red skinned Indians were pretty thick, but we went right on, keeping more of a look out, you know."

"...But along in the afternoon we saw fifteen or twenty coming for us, and we got ready to give 'em a reception. We had a hand gun, a rifle, but at last they got the upper side of the way, and my rifle, and we let them alone for awhile. They kept watch of us, though, and meant to get square with us that night."

"...Well, we traveled till dark, stopped just before a cabin, a building, and then lit out. When those Indians came for us that night we were in some other place, and they lost their grip on that little scalping bee."

"...The Indians, from us are gone, the next post were night, hundred teams, six stages and two companies of soldiers, all shivering for fear of the Indians. It took that wind out of 'em to see us come in with that buggy; a buggy, do you mind? We had come through. But we were there, and they couldn't get out of it."

That there are some things about frontier life which are more enjoyable than others, the frontiersmen are free to admit. Among the few matters he would have otherwise, he gives the first place to the tough "range" or "snow-fed" beef upon which he means subsist.

"...There is a story once," said he, "about a young man, a tenderfoot, who after long wondering what made the beef so fearfully tough, at length arrived at the solution, as he thought, and that quite by accident. He was riding with a friend, an old resident, when they chanced to come upon a bunch of cattle."

"...The young man seemed to be studying over something, and finally he pulled his knife and cut a small animal which bore the brand 'H. C. 45.'

"...Look at it," he exclaimed. "How can you expect those antediluvians to be anything, t. i. tough? Why don't you kill your cattle before they get to be two or three times as old as Methuselah?"

WHAT MEN EARNE.

It Pays Better to be a Maker of War Than a French of Peace.

It has been said that the world pays most to those who kill, generals and grandees, statesmen and politicians, who singe, sledge, and astre, while those who preach, teach and write for the paper come along somewhere near the bottom of the list. There's a good deal to bear out the theory, remarks the New York Recorder. Remarks enough for his audience, got the magnificent estate of Blenheim and lots besides. Wellington became extremely wealthy. Napoleon's generals were rewarded with crowns. Von Molcke was made rich by his military career. Even Little Lord Wolseley has made a heap of money—second class wars.

The number of actors and singers who have accumulated half a million besides living expensively, is quite large. The author of "The Man Who Was a Man" says that on his copyrights, and some songs he preaches, teach and write for the paper come along somewhere near the bottom of the list.
